moving you forward

LX Pro Dual Arms

- **Flexible and Adaptable:** Accommodates different monitor sizes and configurations with various attachment options and accessory kits
- **Enhance Ergonomics:** Customizable positioning reduces strain and promotes better posture, with increased tilt range for stacked monitors
- **Modern Aesthetic:** Sleek design with improved cable management complements any workspace
- **Simple Installation:** Fewer parts, better cable management, and a detachable head make setup quick and easy
- **Maximize Desk Space:** A smaller base and compact profile free up workspace by lifting monitors off the desk
- **Boost Productivity:** Adjust monitor position to create an optimal viewing setup, improving focus and efficiency

THE NEXT GENERATION IN THE LX LEGACY

The LX line has been a trusted choice in ergonomic workspace solutions for over 20 years; recognized for its quality engineering, flexibility, and innovative Constant Force lift technology. The new LX Pro carries this legacy forward with a modern design, easier installation, and improved ergonomics. With added adaptability for a wide range of monitor setups, LX Pro continues Ergotron's commitment to solutions that evolve with changing workplace needs.
